DETAILED ACTION

1. Claims 61, 63-71, 73, 74, 76-78, and 86-100 are allowed over the prior arts of record.

Examiner's Statement of Reason(s) for Allowance

2. The following is an examiner's statement of reasons for allowance:
3. Wygodny et al. (U.S. Patent No. 6,282,701) and Haswell et al. (U.S. Patent No. 6,701,514) taken alone or in combination fails to teach "a web server for storing a bug tracking system and for permitting an authorized software developer, an authorized software tester, and an authorized project coordinator to access said bug tracking system and to communicate with each other via said bug tracking system, and in response to received user identification information, including a password, for providing at least one bug tracking related menu including contents which vary based on the user's role as a software developer, software tester or software project coordinator in the software development process" as recited in the independent claims.
4. Therefore, the claims are allowed over the prior arts of record because it would not have been obvious to combine Wygodny et al. and/or Haswell et al. with other prior art(s) to obtain the claimed invention.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
